Reversing Aging – Find the Fountain of Youth

It's believed that the average human should live well past 100 years of age!

We all age 3 ways; chronologically, biologically, and psychologically. Find out what factors contribute to aging and how to reverse these effects.

Join Rodney Dunetz, AP, DOM (founder of the “Center for Health & Wellness” in Boca Raton) as we explore how we can reverse and delay biological and psychological aging, while taking our chronological age to the limit!
